**Walk No 236**

**Whittington, Lichfield**

**5.0 Mile Walk**

**Thursday 6th March 2025**

This is an easy walk, mostly on level ground along lanes and tracks, two short field footpaths and a very pleasant section of towpath following the Coventry Canal as it meanders past the outskirts of Whittington. The route passes through the village of Whittington and overall there is plenty of interest to take the eye. There are no stiles although some surface water or mud may be encountered on the tow path following any rain. There are no toilets available along the walk.

The Base Point and parking for walkers is opposite “St Giles Hospice” in Vicarage Lane Whittington. WS14 4LQ
